

value added tax

Value Added Tax is going to involve you in a fair amount of increased figurework and consequently may cost you more time than you could reasonably afford.

YOUR NEW ADDMASTER CAN HELP YOU - PERHAPS MORE THAN YOU THINK

Below, are suggested some of the machine's more obvious areas of V. A. T. applications. For more specific problems within the scope of V. A. T. , or outside it, we invite you to telephone the Addmaster HOTLINE DEPARTMENT

01-640 1211/2064

and speak to one of our trained Hotline Girls who will be happy to advise you. (This , after all , is why we established Hotline.)

Your Addmaster can be used to :

- Total sales of taxed or non taxed items or services at point of sale.
- Substantially reduce the time taken to periodically stocktake - especially where a mixture of standard and zero rated items are kept.
- Analyse, check and total suppliers invoices and accounts, the V. A. T. charged summarise, then enter into purchase records.
- Summarise your purchases and input tax against your sales and output tax - for fast and accurate quarterly returns.
- Play an important part in reducing the time you will have to devote to your business figurework in general , whilst increasing the essential accuracy that will safeguard your profits.
